Please put me on the calendar as sick today. I've talked with Chris and Althea this am. Unplanned.

Althea has the lead on my 1130 with ODEQ. Rita and Mark will also be there to brief on their sites as needed.

Gary, please get Falcon on Ragans schedule this afternoon when he comes in after the 1 pm Henley Sealant prebrf. I've let him know a plan of action needs to be agreed upon. Ps the Henleys brf with Sam is at 315 pm, so try and get with him prior. U may also need to sit in on an Encyle prebrf for me this pm at 4, but see Chris/Ragan first for who is to attend. Tx all.
